

# ST PAUL'S COLLEGE

Walla Walla NSW

## International Women's Day Community Breakfast

Earlier this year St Paul's hosted a community breakfast to celebrate International Women's Day. We were privileged to hear from four inspiring staff members who shared their heart on walking with purpose.

## Students Volunteering

In a heartwarming display of service, a group of Year 8, 9, and 10 students dedicated their term to volunteering at a local aged care facility. These compassionate youngsters have been engaging with the residents through various activities, including storytelling, craft-making and the hosting of a beauty and spa afternoon. Their enthusiasm and willingness to give back to the community created joy for the residents and a sense of connection and understanding across generations.

## Man from Snowy River Bush Festival

It was a fantastic 4-day adventure at the Man From Snowy River Bush Festival in April. We were fortunate to secure a place to display and present our College and be a part of all the fun.

With past and present College students attending and competing, we were able to cheer them on and enjoy the festival with a lot of our families and community members popping into the tent to say hello.

Well done to all students who participated. One of our students came second place in the Junior Division Stockman's Challenge and five of our students were flag bearers on opening night and during the festival.

## Years 9/10 Outdoor Education Mount Buffalo Adventures

Year 9/10 Outdoor Education class enjoyed exploring various tracks on Mt Buffalo last term, including the Underground River track, Chalwell Galleries, Lake Catani and The Horn. They climbed up, down, around and through so many different terrains and rock formations.

## Year 7 Camp

St Paul's Year 7 students embarked on an exciting adventure at Howman's Gap, nestled in the chilly treeline just before Falls Creek. Over three action-packed days, our students immersed themselves in a variety of exhilarating activities, including the giant swing, challenging team activities, high ropes course, rock climbing, and mountain biking.

## Year 8 Camp

On Wednesday 15th May, Year 8 students headed to Kyneton, to experience Campaspe Downs Camp. Activities included laser tag, rock climbing, a giant swing, robot wars, and heaps more. The students were a credit to our College and all had a fabulous time. They were collaborative and accepted the challenges laid before them.

## Agriculture at SPC

Agriculture students have had a busy year so far having been involved in the Holbrook Sheep and Wool Fair, Henty Show, Junior Judging Clinic, Royal Easter Show, Interschool Auctioneering Competition, grape harvesting and destemming and School Merino Challenge to name a few.
